New York / Hawaii*

“The Maybach Foundation stands as a beacon of hope and inspiration in a world fraught with challenges. It has correctly understood the importance of mobilizing youth worldwide toward a positive direction that will engage them in the vital arenas of peace, culture and sports. These are the meeting points which bring people together to celebrate our common humanity, while simultaneously deepening our respect and appreciation for our diversity.

Underlying this mobilization is the desire to empower youth to help achieve the Millennium Development Goals. This will ultimately instill the nobler purpose of selfless service in the numerous activities that seek the alleviation of the suffering and inequities of the most marginalized and vulnerable people on earth. To sound the call that motivates us to share, care, and dignify the lives of others places the Maybach Foundation squarely within the primacy of our deepest values that knows the power of the heart to love.”
